

MENUPAY – The best restaurant program in Denmark

MENUPAY is a payment solution for companies and their employees, which can be used for both business and private purposes. With MENUPAY you get access to more than 550 dining places, including Michelin starred restaurants, informal brasseries, and cafés. With MENUPAY you get discount on the entire bill, and the payment is made directly at the dining place though the MENUPAY app. The app is easy and discrete to pay with, and it is only at the payment moment you will indicate your wish to pay via the MENUPAY app. This means you are anonymous throughout the entire dining experience.

With MENUPAY you get:

- Savings on the entire bill
- Large administrative savings
- Simple and easy payment solution
- Digital receipt
- An attractive fringe benefit
- Overview of dining places, campaigns, special offers, etc.
- Event service that can help arrange Christmas parties, summer parties, internal and external dinners, etc.

And best of all – It is completely free of charge to make an agreement with MENUPAY.
